

## **HOUR 14: Creating Special Effects**

### Breaking text apart

1. First time separates it into component letters, which can be distributed to layers
2. Second time turns the letters into shapes.

### Effects you may want to explore

- Painting with Bitmaps – you can use a bitmap as a texture to fill an area.
- Showing Depth with Shadows
- Adding a Motion Blur

### Masking Effects

1. Magnifier or telescope
2. Stencil or cutout
