

QUIZ #2
January 19, 2009

1. Which of the following is not a step in social construction theory?
 - A. Externalization
 - B. Objectivation
 - C. Internalization
 - D. Symbolization**

2. Glassner applies which of the sociological paradigms when he argues in the “Culture of Fear” that valid fears have their place in society?
 - A. Structural-functionalism -- because arguing that a social fact (such as fear) has “a place in society” is arguing that its social *function* fits into a larger social system or *structure***
 - B. Conflict theory
 - C. Symbolic interaction

3. Glassner’s “Culture of Fear” would be most closely related to which of the three sociological paradigms?
 - A. Structural-functionalism
 - B. Conflict Theory
 - C. Symbolic interaction – because he is viewing social life in terms of shared meanings and how we negotiate meaning through social interaction**

4. The media, which Glassner argues is largely responsible for cultivating fear, is an example of which part of social structure?
 - A. Groups
 - B. Organizations
 - C. Social institutions – because the media is stable set of statuses, roles, and organizations, and an enduring pattern of social life**
 - D. Culture

5. Adler’s “Researching Dealers and Smugglers” extols personal observation, interaction, and experience as the only way to acquire accurate knowledge about _____.
 - A. Social life
 - B. Deviant behavior**
 - C. Subcultures
